

Dear Exhibitor,

As last year, we are not publishing a proposed floor plan with the Exhibitor Application for the 115th AES Convention in New York. In recent years we have had to change the floor plan drastically after receiving exhibitors requests and it seems to cause confusion.

As you may or may not know, AES assigns exhibit space based on seniority. Each exhibitor receives one (1) point for every year they have exhibited. When we start to assign space, we start with our oldest exhibitor and work our way through the list.

We reviewed this method after the Los Angeles Convention at the Exhibitor Breakfast and there were no objections to continuing this method. Once again we will review this procedure after the 115th AES Convention.

AES is looking forward to a very successful convention in one of the most exciting cities in the world. We are also looking forward to your participation in the 115th Audio Engineering Society Convention.

Thank you,

AES
