

AVL Professional Workshop - Sound System Tuning

What: Complimentary "Sound System Tuning" Workshops

When: Monday, July 27th, 7:00PM - Audio Mixing for Worship
Monday, August 31, 7:00PM—Mic Placement and Technique

Where: Seattle Community Church, 4501 46th Avenue NE, Seattle WA 98105

Contact: info@avlprofessional.com or (206) 285-7767

AVL Professional is hosting two additional complimentary Sound System Tuning workshops this summer at Seattle Community Church in Seattle on the following Mondays, starting at 7:00 pm:

July 27th - Audio Mixing for Worship – We will demonstrate how to build a better live mix for bands and choirs. Topics will include:

- Assessing your sound source
- The basics of effective microphone placement
- Building your mix
- Using effects processors

Plus, we will be mixing a live band while you watch. This will be the ultimate "how-to" workshop.

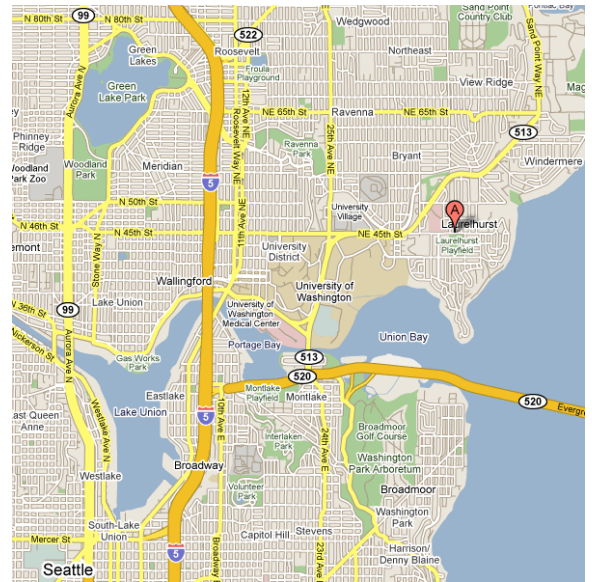

August 31st - Microphone Placement and Technique – We will discuss the finer points of microphone placement for bands and choirs, and demonstrate proper microphone technique for vocalists.

Mark these important dates on your calendars. Remember, this is open to anybody – Audio Engineers, Sound Operators, Technical Operators, Tech Staff, etc., however we do ask that you RSVP by calling (206) 285-7767 or emailing info@avlprofessional.com. Our Audio/Video/Lighting Systems Consultants are always available at the workshops to meet with you one-on-one, answering questions about your specific requirements. Or, you can contact them anytime via email:

David Riley—Video & Lighting Systems

AVL Professional specializes in helping Houses of Worship overcome the obstacles of communicating their message effectively. We have successfully installed audio/video/lighting systems for Sonrise Chapel in Everett, First Lutheran of Richmond Beach, Harbor Christian Church in Gig Harbor, along with many others. We welcome the opportunity to earn your business.
