TCASR

Minutes of TC meeting held at AES 136 Berlin Germany April 28 2014

In attendance

Peter Mapp (TCASR Co-Chair)

Bruce Olson Ben Kok Wolfgang Ahnert Wieslaw Woszczyk Francis Rumsey Brian McCarty (part time)

1 Minutes from 135 convention New York agreed

2 Potential Workshops & Tutorials for LA October 2014

Possible topics discussed : Loudspeaker Beam Steering

STI measurement Tutorial

NFPA 72 – Audio requirements / legislation

Agreed to defer Life Safety to 2015 Warsaw (date unknown) & New York Should include tutorial of Sound Reinforcement basics WA / PM / BK ?? PM was proposing to organise assistive listening session / workshop for NY

PM noted that he may not be at Warsaw due to SR conference

3 Sound Reinforcement Conference

Date likely to be Mid July at McGill University in Montreal

PM working on details & budget etc Wieslaw will co-chair Papers Chair – BK PM would like ~10 sponsors A number of potential topics discussed including

Historical perspective eg Horns in USA line arrays in Eu Assistive Listening
How to get good sound – tutorial panel
Small room acoustics – BK
Electroacoustic Enhancement – overview BK
Beam Steering
Computer modelling & Auralisation

Title for Conference – JP wants snappy title that describes what it is all about

4 AOB – TCASR web page & updates PM noted that Alan Clayton was doing good job but needed material to send out to TC Members. Hopefully SR conference would generate some info

Next meeting to be in LA at 137 ConventionMinutes prepared by Peter Mapp
