1. Minutes from 136 Convention Berlin agreed.

2. Sound Reinforcement Conference update:

- Proposed for July 15-17, 2015 @ McGill University, Montreal Quebec, Canada
- Education based (Tutorial/workshop format) Not research based.
- Committee members are currently Peter Mapp, Bruce Olson, Ben Kok, Wieslaw Woszczyk.
- It was noted that this conference may need more marketing than a normal conference. Several marketing possibilities were mentioned.
- Some sort of post conference publication should be considered, such as recordings of the workshops or a collection of presentations. Pm to discuss with Mike Williams

**Post Meeting Note** – the Conference has been accepted by the AES conference policy committee and BOG and is therefore definitely happening and is now posted on AES website. All to publicize
