Convention Report

THE SECOND ANNUAL CONVENTION of the Audio Engineering Society fulfilled the hopes of the Society members and officers and, along with the Audio Fair, attracted a large number of visitors from the New York area as well as many hundreds from out of town. The five technical sessions were well attended, and some of the papers will appear in these pages in future issues.

At the Business Meeting, held on Thursday morning as the first session of the convention, witnessed the installation of the officers for the coming year. Theodore Lindenberg, retiring president, announced the results of the election, and after a brief farewell message relinquished the chairmanship of the meeting to John D. Colvin, newly elected president. The others taking office at this time were: C. G. McProud, executive vice president; Bob Hugh Smith, Western vice president; Lawrence Shipley, central vice president; Norman C. Pickering, secretary; and Ralph A. Schlegel, treasurer. The latter two were continued in the offices they held for the past year. Howard A. Chinn, H. E. Roys, and Theodore Lindenberg were elected to two-year terms as governors.

The annual honors were presented at the Banquet, held on Thursday evening, October 26. The Society's own award was presented to C. A. Rackey in recog-

nition of his continued work in furthering the progress of the Society since it was founded. Howard A. Chinn received the John H. Potts Memorial Award "for outstanding achievement in the field of audio engineering," a plastic-embedded silver medal awarded annually to a person chosen by the Society. Presentations were made by C. J. LeBel, acting on behalf of W. L. Black, chairman of the Awards Committee, who was unable to be present.

Following the banquet and the presentation of the honors, the diners were entertained by a musical group composed of Johnny Johnson and Harry Lennon with accordion and bass, and by Lee Irwin and The Mariners, from the Arthur Godfrey programs.
