Audio Engineering Society

Sir:

* In the last issue Mr. Frank E. Sherry, Jr., suggested that audio engineering had grown to the point where it needed a professional society of its own.

A group of us, long active in broadcasting and recording, feel the same way he does. Audio engineering will be unhampered only when it has a society devoted exclusively to its needs—controlled by, and run only to benefit, the audio engineer.

We have been discussing this matter for several months, and are preparing to hold an organization meeting.

Will those interested in such a society please write the undersigned, giving the following information:

Name

Mailing Address

Company

Title or nature of work

We will notify you of the meeting date.
