

Papers chairs: Areti Andreopoulou and Braxton Boren. Email: 155th_papers@aes.org

Authors may submit papers in three categories:

COMPLETE-MANUSCRIPT PEER-REVIEWED CONVENTION PAPERS (CATEGORY 1)

Authors are asked to submit papers of 4–10 pages to the submission site (<https://easychair.org/conferences/?conf=155thpapers2023>). These complete-manuscript papers will be reviewed by at least two experts in the field, and authors will be notified of acceptance by July 31, 2023. Final manuscript with revisions requested by the reviewers have to be submitted before September 29, 2023. If rejected as a convention paper (Category 1), the proposal may still be submitted for Category 2.

EXPRESS PAPERS (CATEGORY 2)

Authors are asked to submit an extended summary of 300–750 words (<https://easychair.org/conferences/?conf=155thexpresspapers20>) to indicate their desire to present an Express Paper (recommended length 4–8 pages for the final manuscript). Submissions will be peer reviewed based on merit and interest to the AES community and to ensure that any presentations will not be of a commercial nature. Topics for Express Papers can be very wide-ranging, encompassing experimental, application-driven, and/or early stage research. The title and 300–750 word summary of the proposed paper must be submitted by August 4, 2023. Authors will be notified of acceptance by August 21, 2023, and the authors must submit their final manuscripts (4 to 8 pages) before September 29, 2023.

JAES PAPERS

Authors of papers in the Journals of the AES will have the opportunity to present their work, subject to space availability and approval by the Papers Co-Chairs. Only papers published from September 2022 until July/August 2023 are eligible for presentation. The papers presented at the convention will neither be reviewed nor included in the proceedings.

The title and abstract of the JAES paper must be submitted to the 155th submission system for JAES papers by August 4, 2023 (<https://easychair.org/conferences/?conf=155thjaes2023>). Authors will be notified of acceptance by August 21, 2023

REVIEWS

AES uses blind reviewing for its Conventions and Conferences.

LaTeX and Word templates are available for Peer-Reviewed Papers in the **submission site**.

PUBLICATION

Accepted papers will be included in the conference proceedings. The papers will be published in the **AES E-Library** no earlier than 10 days before the conference starts.

AWARDS

Presenting authors who are student members and whose convention papers (Category 1 or 2) are accepted will be eligible for the Student Paper Award at the 155th Convention. Peer-reviewed Category 1 papers are given preference by the award judges.

Presenting authors of accepted Category 1 papers will be eligible for the Best Peer-Reviewed Paper Award.

REGISTRATION

Papers may be submitted by a single author or a group of authors. For each paper, a single “presenting author” is designated on the paper submission website—usually the person who will present the paper at the Convention. The presenting author for each paper in categories 1 and 2 or JAES papers will be required to pay a Presenting Author Fee that will be less than the Early Bird general registration rate.

PROPOSED TOPICS

Acoustics of Music Rooms
Audio Applications and Technologies
Audio Content Management
Audio Processing
Audio Equipment
Immersive Audio
Perception
Recording, Production, and Reproduction
