Notice and DRAFT agenda
for the meeting of the
SC-04-08 Working Group on sound systems in rooms
of the SC-04 Subcommittee on Acoustics

To be held in conjunction with the upcoming AES 149th Convention.
The meeting is scheduled to take place online, 2020-10.
Please check the latest schedule at: http://www.aes.org/standards/

1. Formal notice on patent policy
2. Introduction to working group and attendees
3. Amendments to and approval of agenda
   Note that projects where there is no current proposal for revision or amendment, and where there is at least 12 months before any formal review is due, are listed in an annex to this agenda. Please let the chair know if you propose to discuss any projects in this annex.
4. Approval of report of previous meeting, held online, 2020-05.
5. Open Projects
   NOTE: One or more of these projects may be in the process of a formal Call for Comment (CFC), as indicated by the project status. In these cases only, due process requires that any comments be published.

AES-X218 Measurement and calibration of sound reinforcement systems in rooms
   SC-04-08
   scope: to document relevant parameters affecting the audience experience of a sound system in a generalized room, and identify appropriate objective methods of measurements to quantify them. The intent is to identify tools and procedures for a technician to measure the performance of a loudspeaker system in a room, and then support accurate and reliable calibration of this system to a specified performance.
   status: Work split into 4 parts, assigned to group members

AES-X219 Method of measurement for frequency and impulse response of sound systems in auditoria
   SC-04-08
   scope: to specify a method of measurement for frequency and impulse response of sound systems in auditoria.
   status: Delayed pending progress on AES-X218
