Francis Rumsey	fir@aes.org
Joe Presti	joepresti10@gmail.com
Wieslaw Woszcyk	wieslaw@music.mcgill.ca

1. Minutes from 136 Convention Berlin agreed.

2. Sound Reinforcement Conference update:
    - Proposed for July 15-17, 2015 @ McGill University, Montreal Quebec, Canada
    - Education based (Tutorial/workshop format) Not research based.
    - Committee members are currently Peter Mapp, Bruce Olson, Ben Kok, Wieslaw Woszcyk.
    -It was noted that this conference may need more marketing than a normal conference. Several marketing possibilities were mentioned.
    - Some sort of post conference publication should be considered, such as recordings of the workshops or a collection of presentations. Pm to discuss with Mike Williams
    Post Meeting Note – the Conference has been accepted by the AES conference policy
committee and BOG and is therefore definitely happening and is now posted on AES website. All to publicize

3. Topics for Tutorial and workshops for Warsaw and New York
    Possible topics include: **Warsaw :**
        Sound reinforcement – how to get good sound tutorial
        Small room acoustics – Ben Kok ?
        Post meeting note. Dr. Adam Hill offered to give tutorial on bass sound in rooms
    New York
        Assistive Listening (possibly joint with TC HHLP)
        Beam steering Loudspeakers

Emergency Sound Systems; NFPA 72, STIPA, Room Acoustics

4	Note that TCSDTC The Future of Audio Entertainment Technology conference in LA – March 2015.
