Workshops and tutorials of past AES Convention

No organizer of a workshop or tutorial attended the meeting and could report.

Workshops and tutorials for upcoming AES Convention

Bryans proposal (email May 14, 2022): panel on making accessible tools for audio engineers that are blind or have vision impairments.

This is approved by our TC.
Christian will share the link to submission page.

Other topics

We used the time to discuss various topics related to semantic audio and machine learning.

The meeting ended at 17:30
