1. Welcome and Approval of Agenda

2. Update on TC leadership

- Introduction of new Vice-Chairs Annika Neidhardt and Ela Warnecke

3. Revision of TC home page, what should the page provide?

- Add topic of soundfield capture and analysis
- Add perceptual aspects
- Remove “issues” from mission statement and areas of concentration
- Areas of concentration: remove “Externalization”, replace with “Perceptual”
- Section “Resources” with a list of tools and datasets recommended by TC members
- Update discussion forum? Change format?

4. Coordination of future AES workshops and other activities

- Suggest panelists for future workshops
- Discussion around new spreadsheet to organize future workshop and tutorial submissions:

<https://docs.google.com/spreadsheets/d/1E2TslCWlSm9-Ypx173l8VmtZDDP-CBD8P5-wjMPImU/edit#gid=0>

5. Upcoming AES Conference in Huddersfield

- Hyunkook Lee reported on state of conference preparation
- More than 100 submissions and lots of workshop proposals
- Topic of conference is about bringing the creative community and research community together
- keynotes are confirmed
- book accommodations soon, close to the conference venue, they are limited

6. Any other Business

- AES Conference 2024 on “Audio for Games” April 27-29, 2024 in Tokyo, Japan
 - contact Toru Kamekawa for more details

Closing of meeting around 2.45 PM UTC
